

How to Buy a Diamond?

The best combination is a Graduate Gemologist from GIA, and a licensed Minister! You have the best knowledge combined with someone who will not lie to you! Make it better.....he does not get a commission or any kind of monetary reward from your purchase and does his best to keep it in your budget or below. And then put the icing on the cake when he teaches you and shows you how to get the Best Cut so your diamond engagement ring sparkles the best!!!!

Also....you can have him represent you even if you don't live in the area as long as you live in the United States!

Who is this guy?

His name is:

Rev. Peter-John Parisis, Graduate Gemologist (GIA)

Diamond Vault of Troy

248-244-0600

So if you are interested in buying an engagement ring or anything in the jewelry field...then contact Peter-John. He will keep the discussion in line with the education you need and guide you into the best ways to purchase. He will not get into his religious beliefs except he won't help you buy an engagement ring for a mistress nor lie for any reason.

Give him a try and enjoy his honesty!
